

Our nicest fish decals

We have not promised too much.

These high quality PescArs works of art are real eye-catchers, whether on your automobile or wherever. We modern day anglers identify ourselves with decals – and especially with these decals.

	9118 002	Char/Saibling, small	14 cm

All decals available in large and small.

Ground Contact Bivvy/Tent

The product line of Ground Contact Tents is developed and construed to cover the needs and demands of every angler, regardless of the duration of use, a short session or an extended period on the water. The Ground Contact 1 Man and 2 Man Bivvy provides the angler with all of the qualities and functions that is needed in a tent. The stability is assured by the 5-section aluminum poles as well as the thick, rugged, water resistant nylon material. All seams were double sewed and additionally treated against water seepage. The front of the tent is equipped with a double zipper and two-way door, with optional see-through window, mosquito net, or closed window. An additional advantage is that the entire tent front can be rolled up – providing for a perfect view of the rods on those warmer nights.

Specifications:

- Door with double-zipper system
- Interchangeable see-through window with Velcro
- Removable floor
- Interchangeable mosquito net window with Velcro
- Spacious and durable carrying case
- Sturdy tent-pegs with comfortable grip
