

AVALON® TROUT SPOON UL

The AVALON Trout Spin UL (Ultra-Light) is the ideal rod for modern trout angling with Trout-spoons or small artificial baits such as our Tasty Gums. The soft and slender tip-action makes it easy to guide the bait and also to set the hook with a quick jerk. The AVALON Trout Spin was constructed in a lightweight process while keeping all components to a minimum.

Equipment features:

- **Extremely lightweight**
- **Slender mixed-carbon blank**
- **Lightweight reel mount**
- **2-stage line-guides**
- **Hook-keeper**
- **Two-part handle**

AVALON® SPIN JIGGER

The rod-blank of the AVALON Spin Jigger provides for precision and sensitive bait presentation. When the bait makes contact with the bottom, a "tock" sensation is transmitted to the rod. When the fish bites, the blank provides the needed power to the spine needed to set the hook and land the fish.

Additional-Tip: The sensitive tip and hard spine makes the 2,10 m variation of the AVALON Spin Jigger ideal for Belly Boat angling with Fireball- or Cheburashka rigging.

Equipment features:

- **Fast Carbon-blank**
- **Black 2-stage lightweight line guides**
- **Top-down reel mount**
