# i-fishone

- Carbon-blank-construction  
FSP Fast – Sensitive – Powerful
- LC – Long Cast Rings
- Fast – light – stylish Fluorescent-Green
- High quality components

The handcrafted time tested **i-fish one** rod series stands for style, speed, strength, and state of the art components. In as much as modern angling techniques require specially designed rods, we have developed the **i-fish one** series in two cast weight categories for modern predatory fish angling. As a result of ongoing development, the FSP Fast – Sensitive – Powerful high carbon material was used to create the stronger and faster new "High Quality" rod blank. The flat black look is set off by a number of stylish modern fluorescent-green accessories that are integrated into the rod. In addition to this, a high density EVA-handle and the newest generation of LC (Long Cast) rings were combined. In conclusion: The **i-fish one** brings together all of the capabilities and demands of this new generation of rods that are placed by the modern angler.
