

PRO X-PERT WORLD CLASS

DEDICATED TO TOP CASTERS
DEVELOPED BY DEGA CHAMPIONS TEAM

A masterful accomplishment of the DEGA Surf-angling team!

The Pro X-Pert is the result of long and intensive testing direct on the surf. The DEGA Team of Experts were very careful to include only high-quality components in the development of what resulted in a literal "Casting Machine". Alongside the Fuji screw-on reel holder, the large Fuji KW Tangle Free long-cast guides, the seated carbon tips as well as the noble blank design, the handcrafted blanks were constructed from the best carbon matting. This high-density hand wound carbon material gives the Pro X-Perts blank the needed stiffness and causes near to explosive casting on the surf.

- Fuji screw-on reel holder
- Fuji KW Tangle Free Long-cast guides
- Carbon Power Tip – for exact bite detection
- Handcrafted rod blank
- Luxury Design – with attention to detail
- High-density Carbon
- "Long Cast Machine"
