#### Diamond-Eyes

### Baltic Sea-Pilker Classic-Traditional

For many years one of the most popular and proven Baltic Sea pilkers that has not lost its catching ability. Classic shape provides for a tumbling sinking motion; treasured by insiders. 4 different color variations with a glittery nuance on the back side and a bright reflecting silver colored diamond-eye.

	7863 150	Blue-Silver-Glitter	100

For Baltic Sea and Norway!

## Pilker "Skeleton"

A Pilker with several moving sections – setting totally new standards in pirk construction – and angling! What a moving plug could do in the past, now this pirk "skeleton" is able to do now. THE pirk outsmarts the really big ones up to 150 g on the Baltic Sea and from 300 g in Norway and Iceland. Perfect workmanship.

Pict.-No.	Item-No.	Color	Wt. g
A	7922 100	Blue-Silver	100
	7922 150	Blue-Silver	150
	7922 300	Blue-Silver	300
