CP Catfish Single Hook

The CP Catfish Hook distinguishes itself by its unique shape and its large back slanted eyelet. The extremely sharp and special special-cut tips as well as its bowed shape, cause for an easy, fast, and secure hold in the fishes mouth. The CP Catfish Single Hook attributes its light and wire-like qualities to the special hardening procedure. This provides for an enormously powerful pulling force.

CATFISH HOOKS

SILURO SPECIAL CATFISH Hook's

are the ideal companion for the various types of catfish angling. Due to the innovative special coating, the fish spooking "Metal Feel" is nearly totally eliminated. In addition to this, the carbon sharpened hook tips penetrate fast. The flat-black design eliminates the reflections that spook the fish, and is a trademark of the ORIGINAL Siluro Special "CATFISH Hooks".
