

Backpack "Outdoor Fishing"

Well designed and multi-use backpack.

In cooperation with our team anglers and experts, this highly functional backpack was designed with the modern angler in mind. The result was a backpack with a large packing volume, and numerous details of which include two large main compartments for multiple plastic-boxes, two zippered side pockets, two net pockets, and two compartments for transporting of broken down rods. Additionally a thick back padding along with broad shoulder straps assure comfortable carrying. Decorative items are not included in with the backpack.

Tip: Ideal for Plastic-Boxes 8712 006, 8713 009 and 8714 004

Material: 100% polyester

Outdoor/Fishing Backpack "More Space Pro 35+5L"

A good fit and a cooler back – designed for anglers

With the "More Space 35-5L" Backpack, you can maintain a cool back during your angling excursion. This Outdoor- and Angler Backpack was equipped with many compartments and places to attach items, specially tailored to the needs of anglers.

The carry-system with netted back and shock absorbing steel frame, creates a space between the backpack and the packer's back. Soft meshed padding in the shoulder straps along with hip pads assures a comfortable contact to your back. This backpack is well equipped starting with a large main compartment and including a holder for rods. Material: 100 % Nylon

Equipment:

- Large main compartment
- Outer cover with compartment
- Two large side compartments
- Two rod holders on the sides
- A holder for rod-stands etc.
- Additional straps and grommets
