

Pict.	Item-No.	Length
A	Super-rod-holder telescopic. 2-piece	
	8935 003	55-95 cm
B	Rod-holder telescopic adjustable. A super rod cradle. Extra sturdy.	
	8935 005	bis 120 cm
C	Rod-holder XL Heavy-duty for strong rods. Ideal for catfish anglers, pike etc	
	8935 006	80 cm
D	Rod-Holder X-Heavy / Stationary Rod-Holder	
	This very sturdy rod holder of strong metal construction is freely adjustable to the angle of the angling rod. Additionally, it features a second foot that adds more stability and prevents the rod from turning (even when angling in strong river currents). It is also ideal for use as a rod-holder when using longer stationary rods.	
	8935 004	44-90 cm
E	Rod-Holder X-Heavy with integrated Umbrella-Holder	
	This very sturdy rod holder of strong metal construction with integrated umbrella-holder is freely adjustable to the angle of the angling rod. Additionally, it features a second foot that adds more stability and prevents the rod from turning (even when angling in strong river currents). It is also ideal for use as a rod-holder when using longer stationary rods.	
	8935 007	50-120 cm

Pict.	Item-No.	Length
